Unexpected British Reverse in South Africa and Ominous Tidings From Pekin Affect Operations-Few De-

NEW YORK, July 13.—The Stock Market opened at declines ranging from 1-4 to 3-4 of a point. Its tendency was derived their cars at a rate of speed between seventeen and twenty-one miles an hour. The evidence to that effect were the statements of the unexpected British reverse in South Africa, and also by the belief prevailing there that the massacre of the foreign residents of Pekin was complete. Su have been a matter of impossibility to have operated a car at the rate of speed alieged.
